

Table of Contents

Preface.....5

**The Robert Ettinger Medal for Outstanding Merits
in the Field of Cryonics.....9**

2014 in Dresden. Laudation by Peter Gouras to Saul Kent ...9

2010 in Goslar. Laudation by Ben Best to Robert Ettinger . 11

Robert L. McIntyre, Gregory M. Fahy

Aldehyde-Stabilized Cryopreservation13

Pulver A., Artyuhov I.V, Artyukhov V.I., Tselikovskiy A.V,

Shamaev N.V., Pulver N.A, Peregudov A

**Combined Approach to the Development of Protocol for
Vitrification of Bulky Biological Objects47**

N. Shamaev, A. Pulver, D. Buslov

**Uniform Heating of Multi-Structural Biological Objects by
Means of Electric and Magnetic Fields' Phased Emitters.57**

Peter Gouras

Trying to Outwit Nature61

Ramon Risco, Alberto Olmo and Pablo Barroso

**New Advances in Organ Cryopreservation.
Electromagnetic Rewarming and Selective Targeting of
Ice Nuclei.....65**

Ben Best

**Forms of Cryopreservation Damage and Strategies for
Prevention or Mitigation75**

Aschwin de Wolf

**Identification, Validation, and Implementation of New
Cryonics Technologies (an essay)83**

<i>Dirk Nemitz</i>	
History of Cryonics—A Narrative Analysis of the Cryonics Magazin	95
 <i>Klaus Mathwig</i>	
Molecular Repair at Physiological Conditions?	105
 <i>Nadine Saul</i>	
Anti-Ageing and Pro-Longevity: What can We Learn from a Small Worm? A Methodical Overview	117
 <i>Klaus Sames</i>	
Definitions of Death	129
 Contributors.....	153
