Introduction — #intelligentmarketing.....	11
Applying physics to marketing.....	12
Applying business engineering to marketing.....	14
The imaginary marketing lab, playing with data and thoughts	19
Gedankenexperiment 1.0.....	20
The Marketing Universe — our inertial system of reference	20
Starting with Audiences and Campaigns.....	23
Plan the activations via different impressions.....	23
Gaining a return on marketing invest.....	24
Be more precise — take advantage of segmentation	24
Close the loop — the advantage of data analysts.....	24
From measures to KPIs	26
Data-Driven Marketing: Measures, KPIs, and Dimensions.....	26
Share of	27
Marketing Pressure.....	27
Cost per	28
Conversion rate	28
Trends.....	29
Aggregated KPIs of unique	30
Audience centric KPI systems.....	31
Integrated Reach — a bit of both.....	34
Smart KPI — Reporting, Dashboarding and Data Science	35
Pillar 1: Standard Reporting.....	35
Pillar 2: Explorative Data Analytics	36
Pillar 3: Data Science.....	36
Gedankenexperiment 2.0.....	37
A house is not enough — strategic marketing planning.....	39
Different Balls — creative management & optimization	42
Smaller Segments — hyper-accurate targeting and look-a-likes.....	46
Multiple Players — paid, owned, earned	52
Throwing tactics — the media mix and attribution models	56
Multiple actions — goals, funnels and customer journeys	60
Mat Robo — trigger-based campaign automation.....	65
My bag is full — frequency caps and campaign maintenance.....	67
The Perpetuum mobile — sharing, communities, and influencing.....	72
Summary — Gedankenexperiment 2.0.....	76

Using more physics on marketing	79
Fluid dynamics — “reaching the perfect flow”	80
Harmonic oscillation — “everything is in motion”	82
The law of thermodynamics — “flow of change”	85
Solid State Physics — “building out complex systems”	88
Einstein’s Theory of Relativity — “There is one last thing”	91
The ma.tomics — Intelligent Data-Driven Marketing Framework.....	97
GW1 From counting actions to guiding audiences.....	98
GW2 Real-time and zero latency.....	99
GW3 Closed-Loop — Harmonic Oscillation.....	100
GW4 Mastering the Tech-Stack-Orchestration	100
GW5 Run Agile — Start Fast and Fail Fast.....	101
GW6 Enable the organization	103
M1 THE MARKETING UNIVERSE	105
M1.1 Get Your Fundamentals Right: Strategy, Process, and Systems	105
M1.2 Understand and Engage with your Customer: Audience and Content Management.....	106
M1.3 Take the right budget choices: Strategic Investment Management	108
M2 MARKETING TAXONOMY.....	110
M2.1 Align on a corporate taxonomy: Hidden Data Asset.....	110
M2.2 Embrace Change: Master Data Governance “Customer, Campaigns, Content, Asset, Price & Finance”	111
M3 STRATEGIC PORTFOLIO & PROGRAM MANAGEMENT.....	113
M3.1 Program, Audience, Content, and Time Management	113
M3.2 Marketing Budget Management	114
M3.3 Plan Alignment, Innovation, and Collaboration	116
M4 CREATIVE MANAGEMENT	118
M4.1 Creative Ideation — Design Thinking.....	119
M4.2 Creative Development and Delivery	120
M4.3 Creative Optimization	122
M5 AGILE CAMPAIGNS MANAGEMENT.....	124
M5.1 Be Fast and Flexible: Campaign Preparation	124
M5.2 Run Fast, Fail Fast: Campaign Execution.....	126
M5.3 Manage Trigger-Based Campaigns: Campaign Automation.....	128

M6 PROFILING — KNOWN & UNKNOWN AUDIENCES	130
M6.1 The golden record of your customers	130
M6.2 The “Known-Unknown” Asset of Audience Data.....	132
M6.3 Fundamental base work — Content Tagging.....	133
M6.4 Consent Management — Customer Buy-In.....	134
M6.5 Data Protection — Legal and Legitimate	136
M7 HYPER ACCURATE TARGETING and LOOK-A-LIKE.....	139
M7.1 Plan & Design — Strategic Audiences.....	139
M7.2 Build & Activate — Tactical Segments.....	141
M7.3 Reach is King — Accurate Targets and Higher Reach	143
M8 INNOVATIVE & OPTIMIZED PEO ACTIVATION MIX	145
M8.1 Paid (Media) Activations	145
M8.2 Earned (Media) Attention	147
M8.3 Owned Touchpoint orchestration	148
M8.4 Social and Voice — two special capabilities	151
M8.5 Planning Pricing & Trade Promotions	152
M8.6 Media Mix Planning and Optimization.....	154
M9 GET VIRAL — SHARING ECONOMY OF SCALES	156
M9.1 Tweets, Likes, and Shares.....	156
M9.2 AI Image Processing and Sentiment Analysis	158
M10 THE MOST EFFECTIVE FLOW OF ACTIONS.....	160
M10.1 Multi-Touch Attribution Models.....	160
M10.2 Large Scale A/B testing & 1:1 journeys.....	162
M10.3 Machine Learning — AI-Driven Optimizations.....	163
M10.4 Goal and Funnel management	165
M10.5 The Law of Action and Reaction — High Performing Machines	167
M11 CUSTOMER INTIMACY — DEMAND WINDOWS AND PRICING.....	169
M11.1 Find the Right Moment in Time — Demand Windows.....	169
M11.2 Find the best context — Demand Windows	170
M11.3 Find the Best Price — Data-Driven Pricing Windows.....	172
M12 CROSS DEVICE AND PLATFORMS.....	174
M12.1 Cross-Device Identification — ID Strategies	174
M12.2 Cross-Platform Profiles	176
M13 MEASURE REACH, SUCCESS & AWARENESS.....	179
M13.1 Integrated Reach	180
M13.2 Brand Awareness.....	181
M13.3 eCom — Direct to customer models.....	182
M13.4 Offline — Retail — Brick and Mortar Models.....	184
M13.5 General — Market Intelligence and Surveys	186

M14 CONNECT SALES	188
M14.1 Marketing Mix Modelling — Incremental Sales Uplifts.....	188
M14.2 Trade Promotion Effects and Pricing.....	190
M15 STAY LEAN AND SHARE — SMART KPIs.....	192
M15.1 Stay Lean: Measures, KPIs, and Dimensions	192
M15.2 Share Your Data Assets: The New Imperative.....	194
M16 EXPLORATIVE REPORTING AND DATA SCIENCE.....	196
M16.1 Get the Basics: Standard Reporting	196
M16.2 Explorative Insights	198
M16.3 Working Data Science.....	199
M17 PREDICT THE FUTURE.....	201
M17.1 Programmatic Program and Campaign Planning.....	201
M17.2 Next Best Action	202
M17.3 Text, Image, and Voice Recognition	204
M18 THERE IS ONE LAST THING — CREATIVITY	205
M18.1 Engage With Your Audience — Creativity is King.....	205
M18.2 Create Emotions — Storytelling and Purposeful Marketing.....	207
From Mad-Men to Math-Men Marketing	209
Works Cited	219
